

## **Material list - Memories & Momentos: Painting Workshop with Brenda Draney**

*Materials are not included for this workshop. Please provide your own materials using the following suggested list.*

1. Paints - primary colors plus white and two umbers in acrylic or water-mixable oils.
2. More advanced participants may also want a warm and cool version of each primary colour. Further, you may desire different whites.
3. If using acrylic, you will need to have a matte medium and probably a retarder and bring whatever else you would like to use like heavy gel medium or diatomaceous earth.
4. If you are using oil, you will need linseed oil and any other cold wax mediums.
5. For brushes, it would be good to have one each of large, medium, and small brush.
6. You will need a prepared surface to paint - that is at least 20 x 25" or larger. If it's cotton or linen canvas, it needs to be gessoed.
7. Bring an object or an image that is meaningful to you. This is essential to the workshop experience. Objects are likely better than images, but in the case of a landscape or a large object, an image may have to suffice.
